Notice

“The repeated blockage in the sinks and bathrooms of your hostel is more of your fault (Boarder’s) than any other.”

You are advised to strictly adhere to the following basic rules of living:

1. Use dustbins placed in corridors, bathrooms, kitchen, dining etc. Everywhere a dustbin stands already placed but unused.
2. Comb your hair in your respective rooms using a plastic sheet (not any different from what you must be doing in your home). A separate dustbin (marked and meant for hair disposal) will be placed inside the hostel where you can dispose of the lost hair.
Combing your hair in bathroom is strictly prohibited.
3. Don't use your shoes inside the dining hall. **Keep a separate slipper for dining hall.** You eat there and keeping it clean will refresh you inside-out.
4. Food shall in no case be taken to your rooms. Use dining hall meant for the purpose.
5. Cooking inside the rooms is not allowed. Switch off the lights when not in use.
6. Keep water taps off after using.

A strict action shall be taken against any girl found violating the rule. I hope you will not give me chance to do so.

These are very basic rules of living a happy and healthy life. Adhering to them is helping your own selves more than anyone else.

Hostel is your home. Keep it Neat and Clean!!
